1. I have reviewed the current Agency and Community policies concerning contractor access as requested in paragraph 7 of the referenced memorandum. [redacted]

2. DIA Contractors may not access DIA systems containing DO NOCONTRACT information without approval of the DO. Under DCID 1/7, the DO may permit access by particular DIA Contractors to particular DIA systems containing DO NOCONTRACT materials. If particular DIA contractors are fully DIA "staff cleared" (called level 6 by DIA), then such contractors may be considered an "extension of the employing office" (DCID 1/7, 8.c), and may access those specific DIA systems without government escort. [redacted]

3. The Policy provided above is consistent with Agency treatment of "Staff Cleared" contractors as provided in [redacted]
